## Technical standards

### Operating systems

In order to connect to Waka Kotahi NZ Transport Agency computer systems, heavy entry certification inspecting organisations must use one of these approved operating systems:

- Windows 8.1
- Windows 10
- Windows 11.

### Supported internet browsers

- Edge v96.0.1054.x or greater
- Chrome v96.0.4664.x or greater
- Firefox 91.0.x or greater.

### Note

Notwithstanding the above authorised operating systems and software, heavy entry certification inspecting organisations shall not use any operating system or browser that is no longer supported by its manufacturer.

### Security

Entry certification sites are required to be on a secure network.
